TOTAL		16	TOTAL		16

* Can be met with Visual and Performing Arts or Behavioral Science Choice
Students are encouraged to not overload so summer terms are listed.

A&S Students Please note: The courses listed here as able to transfer exceed the number of hours allowed from another institution (66 hours). Students are encouraged to work with an advisor and be selective about the courses they choose to take at South Plains College, especially if they wish to earn both the Associate Degree and Bachelor's Degree. College of Arts and Sciences majors must complete core requirements, however many majors require specific courses to meet these requirements. We recommend that all undecided students seek advising from the Guidance and Counseling Center at SPC or the University Advising Center at Texas Tech

SPC Advisor Contact:

Courses of "D" are unlikely to transfer. Some majors require GPA minimums. **Students are encouraged to take no more than 66 hours of coursework for transfer.**

Transfer Check Sheets are intended as an advising tool and starting point for transfer research. Other options such as substitutions or specializations are not listed. We highly recommend working with an advisor (contact information listed above) and using the research resources available to you to fill the gaps and double check the information provided. Degree requirements are subject to change at any time.

Notes:
